Hi-Tech Agri

- Drip & Sprinkler Systems, Precision Farming Advisory including green, poly houses and Solar Agri Pump
- Large Tissue Culture plant capacity for Banana, Pomegranate, Sweet Orange and others
- Wide distribution presence over 4,000 dealers / distributors
- World class manufacturing facilities
- Solution based approach
- Strong in-house R&D base

Agro Processing

- Fruit pulps, concentrates, vegetable dehydrations, spice processing, etc.
- Global leaders in Mango processing and Onion dehydration
- Catering to top global food companies
- Manufacturing in India, UK, USA and Turkey

Plastic

- PVC Pipes, fittings, Polyethylene Pipes Turnkey Projects, PVC Sheets
- Catering to Agricultural, Industrial & Infrastructural customer base
- Manufacturing primarily in India
- Forayed into urban markets by introducing plumbing systems
- Plastic Sheet manufacturing business in USA & UK to serve local customers

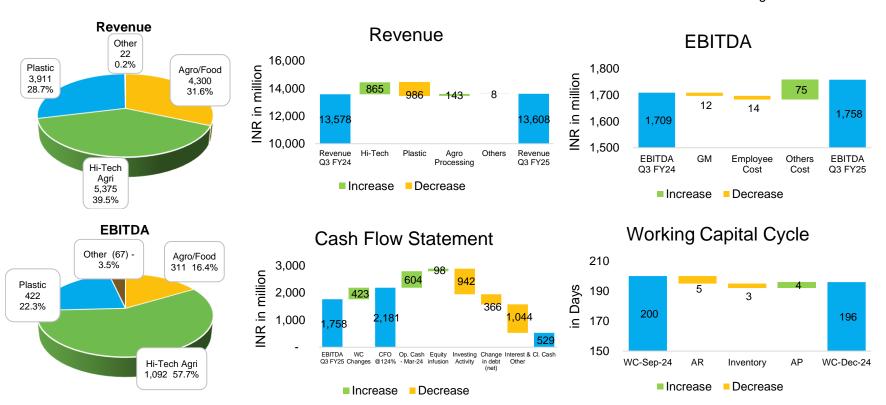

Others

- Solar Thermal Products, Solar Photovoltaic Grid & Off-Grid Products
- Solar Power generation investments to reduce cost of power
- Agri R&D activities

Total	119	205	269	117	219	275	88	189	

- In Q3FY25, reduction of 6 days in NWC on a QoQ basis, resulting in an overall reduction of ₹660 mn in working capital.
- On a YoY basis, NWC increased by 39 days, primarily due to a decrease in sales volume. However, in absolute terms, we made a substantial reduction of
 ₹730 mn.

Order Book Position

This Order book does not include orders received from retail channel in regular course of business.

Management Commentary

"Leave this world better than you found it." - Shri. Bhavarlal H Jain

In the third quarter of FY25, the Company reported a flattish performance with improvement in EBITDA margin. In the past nine months the Company generated substantial cash from operations to deleverage and provide for future growth.

The Company anticipate recovery in consumption, increased government capital expenditure, supported by strong agricultural production and a robust services sector going forward. We continue to focus on the trajectory of retail sales with better cash flow and consistent improvement in operating margin.

We expect strong performance in the next few quarters in most of our key areas including revenue from piping, solar systems solutions and international sales. Despite the challenges in the broader economic environment, the Company is well-positioned for continued growth with focus on improving margins and cash flow.

World's Largest Krishi Mahotsav by Jain Irrigation in Jalgaon

Jalgaon,— The **Annual Krishi Mahotsav** is a dynamic platform that brings agricultural research to farmers, bringing innovation to the grassroots. It is being hosted by Jain Irrigation systems Ltd., at Jain Hills, Jalgaon, Maharashtra, from 15th December 2024 to 14th January 2025.

This impactful initiative has been instrumental in transforming farmers lives, not just in India but across the globe. The Jain Hi-Tech Krishi Mahotsav is a one-of-a-kind event that provides hands-on experience of agricultural practices.

From soil preparation to harvest, post-harvest management, water and soil conservation, advanced drip irrigation, fertigation methods, Jain Automation, smart agriculture techniques, seedling production, planting processes, and futuristic farming concepts – this Mahotsav offers farmers the opportunity to explore it all under one roof.

"This Mahotsav ignites a sense of purpose and energy among farmers. Everyone must witness, absorb, and propagate the technologies showcased here to boost productivity," said Dr. H.P. Singh, former Horticulture Commissioner and Ex-DDG of ICAR. He emphasized how the effective use of technology can drive positive change in agriculture.

CSR Update

Jain Irrigation Systems Limited (JISL) has actively engaged in various Corporate Social Responsibility (CSR) activities this financial year, focusing on rural development, education, sports, environmental conservation, hunger eradication and pandemic support. Below are the key highlights of our CSR initiatives:

- a) Rural Development Activities through Ba-Bapu 150 Project: Under the Ba-Bapu 150 initiative, inspired by Mahatma Gandhi's vision of "Gram Sarvodaya" (self-sustained village and social inclusion), we have launched 150 rural development projects. The first phase started in 22 villages in the Jalgaon district. Our key focuses are promoting water, sanitation, and hygiene (WASH), and ensuring safe drinking water for remote and rural communities. Additionally, we are driving entrepreneurship, watershed development, FPO, and sustainable agriculture.
- b) Ensuring Environmental Sustainability: Environmental sustainability, natural resource conservation, and protection are core to our mission. We're committed to mitigating climate change impacts, being among the few organizations in the country certified for GHG accounting and mitigation actions. Our efforts include a voluntary plantation program on World Environment Day and supporting the Maharashtra Government's afforestation mission.
- c) Promoting Education: Anubhuti English Medium School, our flagship project envisioned by Late Shri Bhavarlal H. Jain, provides quality English medium education to underprivileged children in Jalgaon. Initially starting with 180 students in Classes I and II, it now serves over 500 students from Classes I to IX. Anubhuti offers facilities comparable to the best schools in the region, with specially designed classrooms and furniture. The school provides nutritious food three times a day, as well as clothes, books, educational material, and timely medical attention to all students. This initiative reflects Anubhuti's educational principle of balancing individuality with the need for interdependence.

CSR Update

- d) Promoting Sports: Our Jain Sports Academy (JSA), under the BKJMF trust, coordinates and handles all sports activities, currently training over 450 players across various sports. The academy offers training and conducts competitions in traditional Indian games like kho kho, volleyball, table tennis, badminton, swimming, cricket, trekking, chess, cycle racing, skating, marathon, carom, basketball, and football. Additionally, we host inter-school and inter-district sports events with around 750 students participating. Jain Sports Academy boasts a Corporate Cricket Team, which has won the prestigious 'A' Division of the Times Shield Cricket Tournament. Many of our players are part of national teams across various sports, including our national carom players who represented India and won the World Championship in South Korea. Most of our spending goes towards sports materials and infrastructure, coaching fees, and supporting budding sportsmen and their coaches.
- **e) Healthcare:** Kantai Netralaya, supported by JISL's Bhavarlal Kantaibai Jain Multipurpose Foundation (BKJMF) and managed by Poona Blind Men Association (PBMA), aims to eradicate preventive blindness and make Jalgaon a cataract-free district. Providing comprehensive quality eye care without discrimination, Kantai Netralaya conducts regular outreach programs in rural areas, offering free eye care treatment to poor and deprived patients. This year, the goal is to complete 150 Squint Removal Surgeries, with 60 of them free of cost.
- f) Hunger Eradication: Since the start of the COVID-19 pandemic, JISL has been providing food to migrating laborers, labor colonies, and other needy residents in Jalgaon. During the peak of the pandemic, the company distributed 14,000 meals per day, and through the ongoing "Snehachi Shidori" project, they still distribute 1,400 meals daily to the poor, deprived, and homeless in Jalgaon. Anyone in need can access these food parcels free of charge. To date, the project has distributed over 1.5 million food parcels.
